Cheque enclosed £.....Payable to EChO (Kent)

Signed.....

EChO AUTUMN CONFERENCE NOVEMBER 8th 2008
Parkside Community Primary School
Tennyson Avenue
Canterbury
Kent
CT1 1EP

SPEAKER: HELLEN WARD

Programme

9.00 – 9.30 Arrival and refreshments

9.30 – 10.30 Session One:

10.30 – 11.00 Break for refreshments

11.00 – 12.00 Session Two:

Hellen Ward is primarily interested in teaching and learning, especially in the area of science and assessment. She is a well-respected and active member of both ASE and AAIA. In addition to her role at CCCUC she works with LEAs, Schools, organisations and companies. This work has led to a number of publications, interactive work for websites and articles on primary science education. Hellen is frequently asked to contribute to conference programmes by making presentations or running workshops. Her latest book ‘Using their brains in science’ PCP 2007, brings a practical approach to learning science. Her research interest is linked to pupils’ attitudes to science education.

The session will focus on a workshop ‘hands on’ approach to science teaching in the Early Years. Come and experience early year’s science first hand.

[illegible]

There should be adequate parking on the school premises.
